KS2 Trend RWM

The school has seen a 29% improvement since 2022 and an 8% improvement since 2023.

Performance of boys in the school is in-line with the performance of boys nationally

The percentage of girls in the school reaching the expected level in RWM is lower than the percentage of girls nationally.

The percentage of SEN in the school reaching the expected level in RWM is lower than the percentage of SEN nationally.

The percentage of non-SEN in the school reaching the expected level in RWM is higher than the percentage of non-SEN nationally.

Performance of FSM6 pupils in the school is in-line with the performance of FSM6 pupils nationally.

The percentage of non-FSM6 pupils in the school reaching the expected level in RWM is lower than the percentage of non-FSM6.

KS2 Trend – GPS

The school has seen a 23% improvement since 2022.

The school has seen a 10% improvement since 2024.

Performance of boys in the school is in-line with the performance of boys nationally.

The percentage of girls in the school reaching the expected level in GPS is lower than the percentage of girls nationally.

The percentage of SEN in the school reaching the expected level in GPS is higher than the percentage of SEN nationally.

Performance of non-SEN in the school is in-line with the performance of non-SEN nationally.

Performance of FSM6 pupils in the school is in-line with the performance of FSM6 pupils nationally.

Performance of non-FSM6 pupils in the school is in-line with the performance of non-FSM6 pupils nationally.

KS2 Trend – Maths

The school has seen a 14% improvement since 2023.

The school has seen a 4% decline since 2024.

The percentage of boys in the school reaching the expected level in Maths is lower than the percentage of boys nationally.

The percentage of girls in the school reaching the expected level in Maths is lower than the percentage of girls nationally.

The percentage of SEN in the school reaching the expected level in Maths is lower than the percentage of SEN nationally.

Performance of non-SEN in the school is in-line with the performance of non-SEN nationally.

The percentage of FSM6 pupils in the school reaching the expected level in Maths is lower than the percentage of FSM6 pupils nationally.

The percentage of non-FSM6 pupils in the school reaching the expected level in Maths is lower than the percentage of non-FSM6 pupils nationally.
